

EnduRoMania services and costs 2025

The free EnduRoMania basic program

- 30 years of tradition and experience of the long-standing, well-rehearsed team for the organization and regular implementation of the EnduRoMania Classic / Anytime events in the region;
- The measures made possible and implemented by the EnduRoMania Foundation to ensure the long-term security of enduro tourism in the region;
- Travel recommendations, enduro hiking and environmental protection rules that have been developed by 2024 are available on the internet;
- Directory of accommodation in rural areas created or cooperating as part of EnduRoMania;
- The printed maps of the core region can be downloaded in digital form from this website;
- The program allows you to ride freely and legally on public roads;
- For entering forest areas and other restricted zones, for which a special permit is required, the digital interactive maps listed below should be purchased;
- Reservations at the new EnduRoMania headquarters;
- Reservations in all other hostels of the network are the responsibility of the hostel operators;
- Access via this website to the coordinates of the checkpoints and other relevant information provided to registered EnduRoMania participants until 2024;
- Non-binding written or oral information as soon as relevant data is available;
- There is no fee for this program;
- however, the EnduRoMania Foundation welcomes donations to support the project.

Current digital interactive maps of the region and special permit badge

- These maps are very accurate and cover both the legally rideable area and the forest and restricted areas for which trail riding requires a special permit from the manager. The interactive maps are available for the following devices: GARMIN GPS navigation devices, Windows PCs and Android-compatible smartphones and tablets. The digital maps can be purchased directly from the author Sven Demenyi (sven.demenyi@gmail.com, 0040-744-654559).
- A special authorization sticker is required to enter forest and restricted areas, which confirms that the participant is familiar with the EnduRoMania and the environmental protection rules and has been informed about restricted areas. The sticker will be handed out to the participants upon arrival. It is emphasized that this sticker is not a “license to trespass” for entering clearly marked or unauthorized areas, for illegal actions (e.g. damaging private or public property) or for negligent behavior, for which the participant bears full responsibility.
- The fees for the digital interactive maps and the special permits for driving in forest areas will be determined at the beginning of 2025.

Services provided by the accommodation where the participants are staying:

- Reservations and transfers;
- Help with putting groups together;
- Advice on putting together group programs and alternative programs for accompanying persons;
- arranging service providers for motorcycle rental, enduro training and guided tours by internationally experienced guides who know the area;
- arranging service providers for the repair and maintenance of motorcycles brought along, as well as for towing and recovery services (subject to a charge if used).
